To the Class of 2006

Greetings!

I want to extend my congratulations and best wishes to the Class of 2006.

This past year has been a great one for the university, once again proving our record of producing top-notch students, like you, who plan to succeed in both graduate school and in the professional world.

During this fiscal year, *Black Issues in Higher Education* ranked Johnson C. Smith University first in the Carolinas and 22nd in the nation in the production of African American Computer Science majors. We also continue to be ranked in the Top Tier of Comprehensive Colleges in the South by *U.S. News & World Report*.

As I begin my 12th year as President with the University, it makes me feel good to know that Johnson C. Smith University graduates are recipients of an outstanding education. We know that both the academic and social life you have experienced here gives you a competitive edge over their peers.

This annual is a pictorial diary capturing your moments of growth and maturity during your last year as campus citizens. You will see familiar faces and campus areas that I hope will bring back pleasant memories and smiles to your faces as you review the yearbook.

So as you embark upon the next phase of your journey, represent Johnson C. Smith University well and use this pictorial as a reminder of your time spent here.

Sincerely,

Dorothy Cowser Yancy, Ph.D.
President

History of Johnson C. Smith University

In 1867, the Rev. S.C. Alexander and the Rev. W. L. Miller saw the need to establish an institution in this section of the South. On April 7, 1867, at a meeting of the Catawba Presbytery in the old Charlotte Presbyterian Church, the movement for the school was formally inaugurated, and these two ministers were elected as teachers.

An excellent churchwoman by the name of Mrs. Mary D. Biddle of Philadelphia, PA., pledged \$1,400 to the school. In appreciation of this first and generous contribution, friends requested Mrs. Biddle name the newly established school after her late husband, Major Henry Biddle. From 1867 to 1876, the school was named Biddle Memorial Institute and chartered by the state legislature.

Colonel W. R. Myers, a wealthy citizen of Charlotte, donated the first eight acres of land for the school. In 1876, the charter was changed by the Legislature of the State of North Carolina, and the name became Biddle University. Until 1923, the institution operated under this name.

In 1883, a new university building was erected and served as the main administrative building for the University. Presently known as Biddle Memorial Hall, the building featured recreation rooms and a 600-seat audience chamber and an annex for the chapel.

From 1921 to 1922, the late Mrs. Jane Berry Smith, of Pittsburgh, PA., gave funds to build a theological dormitory, a science hall, a teachers' cottage and a memorial gate. In addition, she provided a handsome endowment for the institution in memory of her late husband Johnson C. Smith. In recognition of these generous benefactions, the Board of Trustees voted to change the name of the institution to Johnson C. Smith University (JCSU). The charter of the school was amended on March 1, 1923, by the Legislature of the State of North Carolina. From 1923 until her death in October 1929, Mrs. Smith gave funds for five more buildings, including a campus church.

From 1924 to 1925, the University was further strengthened by a substantial provision from James B. Duke, a wealthy businessman of Somerville, NJ. In the authorization of the establishment of the Duke Endowment on December 11, 1924, JCSU was included as one of the beneficiaries. Through the years, the Duke Endowment has been of inestimable value to the continued development of the University.

Also, in 1924, JCSU was recognized as a four-year college by the North Carolina State Board of Education. In 1929, the high school department was discontinued, and the standard program was restricted to a college of liberal arts and sciences and a theological department.

In 1932, the University's charter was amended, providing for the admission of women to the senior division. The 65-year-old institution for men then became partially coeducational.

In 1938, the institution attained the status of an independent college, affiliated with the Presbyterian Church in the United States of America, reporting to the General Assembly through the Board of Christian Education. The first residence hall for women, named in memory of James B. Duke, was dedicated in 1940. In 1941, women were admitted to the freshman class. When the Diamond Jubilee was celebrated in 1942, the University was a fully coeducational institution. JCSU joined the United Negro College Fund in 1944 as a founding member. This fund was organized primarily to help church-related schools of higher learning to revamp their training programs, to expand their plants, to promote faculty growth, and to create new areas of service. The institution's membership in the fund began to bear fruit immediately.

In Fall 2000, JCSU launched the IBM Laptop Initiative becoming one of few colleges in the country and the first historically black college to provide an IBM laptop computer to every student. Known as Thinkpad U, JCSU gives students and their computers complete access to the campus-wide network and Internet services. Since 1994, the ratio of computers to students improved from 1:10 to 1:1.1. With this new initiative and the commitment to integrate technology throughout the curriculum, JCSU gained national recognition.

Because of the vision and commitment of past and present Boards of Trustees, presidents, administrators and staff, today, JCSU is heralded as one of the best small colleges in the nation. The present site contains 100 acres of land and more than 40 buildings. The University serves approximately 1500 students and has more than 240 full-time faculty members, administrators, and staff members. As a liberal arts university, JCSU offers more than 30 fields of study. With Thinkpad U and other innovative programs, JCSU has begun to move into a new era of distinction.

Mission Statement

Founded in 1867 under the auspices of the Committee on Freedmen of the Presbyterian Church, U.S.A., Johnson C. Smith University (JCSU) is an independent, private, coeducational institution of higher learning. Located in the rapidly growing metropolis of Charlotte, North Carolina, "Queen City of the South", this historically African-American university has a residential campus with a familiar atmosphere in which students are stimulated and nurtured by dedicated and caring faculty and staff.

Consistent with its Christian roots, the university recognizes the importance of moral and ethical values to undergird intellectual development and all endeavors. JCSU believes in the unrelenting pursuit of knowledge and in the values of cultivating the life of the mind. The university assigns great significance to the development of self-confidence, to the understanding of ones' own heritage as well as an awareness of the cultures of others, to exploration of the myriad forces affecting people of a complex technological age, and to formulating a sense of one's role in this schema.

The mission of JCSU is to provide an outstanding education for a diverse group of talented and highly motivated students from various ethnic, socioeconomic, and geographical backgrounds. The university offers a liberal education in conjunction with concentrated study in specialized fields, in preparation for advanced study and specific careers.

The university endeavors to produce graduates who are able to communicate effectively, think critically, learn independently as well as collaboratively, and demonstrate competence in their chosen fields. Further, it provides an environment in which students can fulfill their physical, social, cultural, spiritual, and other personal needs through which they can develop a compelling sense of social and civic responsibility for leadership and service in a dynamic, multicultural society. Likewise, the university embraces its responsibility to provide leadership, service, and lifelong learning to the larger community.

Regarding teaching effectiveness as paramount in its educational enterprise, JCSU has a commitment to the recruitment and retention of an outstanding faculty. To this end, the university promotes faculty development, encourages faculty involvement in research and other creative activities, and endorses the principles of academic freedom.

To insure the integrity and stability of its status and the perpetuation of its rich legacy, Johnson C. Smith University has a firm resolve to maintain the fiscal and human resources requisite to be a truly distinctive institution—a hallmark of excellence in its students, faculty, staff, administrators, academic and other programs, facilities, operations, and environment.

Dedication

FAITH

In the past, our yearbooks have mirrored the reflections of yesterday, the thoughts of today, and the promises of tomorrow. It has encompassed the pains of last minute tests, the loans we can't afford, overnight deliveries, care packages and the loss and gain of friends. However nothing can be as detrimental as what the students of Katrina have been through.

Dear Students of Katrina:

We dedicate the 2006 yearbook to you. In all the chaos of college life, we tend to forget the little things like family, friends, and the joys of life. We can get so caught up that in the end we lose a part of ourselves. So in the theme of this yearbook "Definition", we hope that you are able to understand who we are and what we stand for, and in the end start to redefine yourself.

Definition

By: Brian Howard

To the extent of great power
comes great responsibility,
So in our ability of knowledge we
define greatness.

Something that bears a sense of
security and protection,
A definition that reads hope in a
world that discourages.

To define ones self there must
first be an urgency to look at our
self.

As we learn from our past
failures, and embrace future
successes,

Let us define our goals to
promote a promise of things not
yet received,

And for that we will find the
definition of faith.

If we learn to forgive, and to
cherish every moment as if it was
our last,

then shall we find our own
definition of love.

Make ourselves to define hope
out of nothing

Help us to learn of our trials,
so that one day we can define our
tribulations.

But most importantly let us learn
our own definitions,
that we can define knowledge,
love, hope, and faith.

So that when they become one,
they can define each other.
And ultimately that will define us.

Statement: Everyone in Sanders was real mad we had a fire drill. It wasn't the the timing or anything, but it was real cold outside and it was Halloween eve. We get outside and everyone is just talking and waiting to get back inside. Then out of nowhere we see boys coming from behind trees, boys on top of the roofs.....some with mask on.....it was like a scene from a movie. Thats when the panic started, they were throwing eggs and balloons with a mixture of bleach in it. Everyone rush the doors, but the RA's had already locked them. I remember Davida's hair piece got knocked off, Joy got hit in the eye with an egg, the security officer with afro even got bombed, someone jacked got bleached, and the whole time the RA's are in the building just looking at us in astonishment. It wasn't funny then, but now I can look back and laugh at it.

 "I think facebook is great because it allows you to reunite with old friends, however if you are in a relationship it can cause some problems."

Loren Webb-Senior
 "ummm i think facebook is a great thing because it has allowed me to get back in contact with so many people from high school and even jr. high. When i first got on it, it was addicting, but i have learned how to move on and not check my messages or groups every 2 hours"

Kera Carter-Senior
 "I feel facebook is a great way to connect with people. I've found friends that I haven't seen since high school, middle school and elementary school. It allows us to catch up with one another's lives and re-connect. It also allows you to make new connections with people at different schools."

Welcome to Facebook Anomyous(FA)

You are addicted to Facebook if you:

- 1.) never sign out
- 2.) check your messages after every class
- 3.) bring your laptop to class to check your wall
- 4.) spend your pastime looking at other people's photos
- 5.) change your profile at least twice a week
- 6.) have time to write to yourself on your wall
- 7.) have facebook window open while you doing your homework
- 8.) substitute facebook for a date on Saturday nights

Fact: Most JCSU students spend more than half their day on facebook

Phenomenol Woman

By: Brian Howard

To discover her beauty is a treasure no one could ever
place a price on

She is the essence that creates power just from her
walk

She's a phenomenal woman a woman with prestige
that possesses love for even those out
of her league. If she could give the world anything it
would be love because God gave her
that gift from the beginning. She's a phenomenal
woman she succeeds with greatness a
muse to the masses and a form of peace to the world.

Loving is her first name and hell is
her last for those who cross her but when you connect
to her emotions and feelings she
will make you feel complete. Like Maya Angelo she's
a woman phenomenally, phenomenal woman that's
she. She'll place you on a pedestal as The King you
may be

but she expects to know in return that she's your
Queen. She's a phenomenal woman God gave to all. A
phenomenal woman she is to me and to all.

2004-2005

"Charm is deceit and beauty is
passing, but a woman that fears the
Lord shall be praised"
Proverbs 31:30

2003-2004

"A virtuous woman is hard to find, but
when this woman is found she is a
treasure to behold"

2002-2003

"In all your ways acknowledge Him,
and He will make your paths straight"
Proverbs 3:6

The History of Miss JCSU

The athletic team selected the "Sponsors" of Johnson C. Smith University from Barber-Scotia College and the city of Charlotte.

During the 1930's upper class Scotia women were admitted to Johnson C. Smith University. The upper class Scotia women were selected by the athletic team to be the "Sponsors" of JCSU. The title "Sponsor" underwent a change and the title "Miss Johnson C. Smith Homecoming Queen" was adopted.

Miss Johnson C. Smith University was selected by the football team and crowned by the President during halftime at the homecoming games. This practice continued until 1944. Dr. Hardy Liston, then the Executive Vice President, installed the student government association and its first president Mr. William Davis to handle all homecoming events.

Glamour during homecoming started when Mrs. Inez Moore Parker staged the coronation of the Queen as a special feature before the homecoming game. The ceremony resembled the British Coronation with all its beauty and glamour. Soon the coronation became the pride and joy of every Smith female. The coronation took place in Biddle Hall until 1965. When the new gymnasium was built, the crowning of Miss JCSU was held at the gym. The homecoming queen activities were filled with glamour and prestige under the sponsorship of Mrs. Inez Moore Parker for 30 years.

During the 1960's when the phrase "Black is Beautiful" expressed the sentiments of black in America, the style of the coronation changed to reflect an afrocentric perspective. Mrs. Joyce Crisp, then the student union Directress in 1972, headed the first afrocentric coronation. The script for the coronation was written in Swahili with assistance from Le Roi Jones (Amiri Baraka). Mrs. Crisp designed the set with an African motif. Everything was designed with the most exquisite taste and related to the homecoming theme.

Trina

I'm tha Baddest Chick

Trina represented a sexy, rugged, man-driven look that wasn't new to the music world and included rivals Foxy Brown and Lil' Kim.

Born in Miami in 1978, Katrina Laverne (a.k.a. Trina) had dreams of working in the entertainment industry since childhood. It was Trick Daddy, a gold-toothed rapper from Miami, who ultimately helped her on her way to stardom. She then shortened her name to just "Trina" and appeared on Trick Daddy's hit "Nann N***a". Trina's music style drove a more controversial issue, due in part to her rebellious nature, sexual lyrics and profanity filled tracks. Between touring in 2000, Trina teamed up with many rap stars in song remixes, including Missy Elliott's and Ludacris. Her long-awaited second album Diamond Princess was released in August 2002.

In 1995, the Memphis underground rap group, then named "Triple 6 Mafia", released its first official album, Mystic Stylez. In 2003, Three 6 Mafia released the album Da Unbreakables. "Stay Fly" is their current single, which has been getting much airplay on radio. It has propelled them to gold status. Their next single to be released will be "Poppin' My Collar"; the video will premiere around mid January 2006.

Three 6 Mafia has always been known for their controversial and sometimes misunderstood lyrics.

Kappa Alpha Psi was founded on the campus of Indiana University on January 5th, 1911 in Bloomington, Indiana.

Early in the last century, African-American students were actively dissuaded from attending college. Formidable barriers were put up to prevent the few who were enrolled from assimilating into co-curricular campus life. Thus triggering Elder W. Diggs, Eyrion K. Armstrong, and eight other black students to form Kappa Alpha Psi Fraternity, which remains the only Greek letter organization with its 1st Chapter on the University's campus. The founders wanted a formula that would immediately raise the sights of Black collegians and stimulate them to accomplishments higher than they might have imagined. Fashioning achievement as its purpose, Kappa Alpha Psi set in motion uniting college men of culture, patriotism and honor in a bond of fraternity.

On January 16, 1920 on the campus of Howard University, five coeds, Arizona Cleaver; Pearl Neal; Myrtle Tyler; Viola Tyler, Fannie Pettie, chose not to embrace the tenants of established sororities. Thusly, with the help of two brothers of Phi Beta Sigma Fraternity, Inc., they chartered Zeta Phi Beta Sorority, Inc. The Principles of the

Iota Phi Theta Fraternity Inc.

On September 19, 1963, at Morgan State College (now Morgan State University), 12 students founded what is now the Nation's fifth largest, predominately African-American social service fraternity: Iota Phi Theta Fraternity, Incorporated. The founders of Iota Phi Theta Fraternity Inc. were Albert Hicks, Lonnie Spruill Jr., Charles Briscoe, Frank Coakley, John Slade, Barron Willis, Webster Lewis, Charles Brown, Louis Hudnell, Charles Gregory, Elias Dorsey Jr., and Michael Williams. This group of men was unique for several reasons. First of all, many were long-time friends. Even more uniquely, many of these men were what are now referred to as "Non-Traditional Students" and were 3-5 years older than the average college student. Of this group of 12, several were also working full-time jobs and all were full-time students. Based upon their ages, heightened responsibilities, and increased level of maturity, this group had a slightly different perspective than the norm for college students. It was this perspective from which they established the Fraternity's purpose, "The development and perpetuation of Scholarship, Leadership, Citizenship, Fidelity, and Brotherhood among Men." Additionally, they conceived the Fraternity's motto, "Building a Tradition, Not Resting Upon One!" From the beginning of its existence, Iota Phi Theta has sought to "Make a Difference." One of the very first activities of the newly-formed Iota was participation in the protests at the segregated Northwoods Shopping Center in Baltimore, Maryland. The founders of the Fraternity considered themselves "Militant" at a time

The Beta Theta Chapter was founded by Marvin Bortee, Edward House, Andre Muriel, Derwin Gray, Ronald Cupers, Maurice Flowers, William Ford, and William Wyatt.

The commitment to service has continued and is manifested in the activities of local chapters of the Fraternity. A partial listing of involvements undertaken by Iota Phi Theta chapters includes:

Mama,

My how time flies! Grandpa and I remember when you were first born; so tiny and beautiful! Even when you were born, we knew a spark of the independent and capable young woman that you would some day become. And here you are, graduating from Johnson C. Smith University.

Mama, you have been the kind of granddaughter everyone wishes for, never too busy to share your life, your hopes and your dreams with us. We have watched you take control of your life. You have had to make some tough choices, but through it all you've shown strength and commitment. That's why you are a special granddaughter to us. We want you to know that we are very proud and love you very much.

Always remember the words of Booker T. Washington, "Success is to be measure not so much by the position reached in life as by the obstacles you overcome while trying to succeed". The best is yet to come.

Love always,

Grandma and Grandpa

Mama,

Just to let you know, Dad and I am extremely proud of the young woman that you have grown into. Wow, I can remember when you graduated from high school, just preparing for college.....Time flies huh(smile).

As you commence the next phase of your life never forget the years that you leave behind. Take your mistakes and grow from them and look at your achievements, aim even higher. Never stop dreaming. All that you have gone through to get to this point has been for a greater purpose... to make you the strong, and independent person that you are today. You have overcome many obstacles and have achieved many successes thus far. The best is yet to come.

Always remember: To Whom Much is Given, Much is Required (Luke 12:48)

Love you more, much!

Be blessed...

To my loving mother, Patricia Green, who supported me through my college experience. Thank you. Through the tears, pain, joyous occasions, when my hands were really, really low, when a guy broke my heart, when I didn't always call because I was hanging with my friends, when I got my first "A", when I got my first "C", when I felt I had no friends, when I got my first internship, when I was inducted into the Honor's College, when I was inducted into Delta Mu Delta Honor Society, you were there. Thank you. I love you with all my heart.

To my family and friends thank you for supporting me. Through your love and support I made it! Thank you

"You only succeed if you attempt to climb the stairway of success"

To my friends/sisters, Love, Love, Love, Love, that's what we're made of.

Jontel, you're the ying to my yang. Of all the things we've experienced, the tears, hugs, arguments, fights, and jokes the one thing I'm going to miss the most is our special talks. Things aren't going to be that different, you can still call me and I'll be there. You have matured and grown to be a beautiful queen, and I encourage you to let your light shine. Many don't understand you and probably never will, but that's okay. Leave them with a lil' mystery. Just remember it's the inside that counts.

Keta, the diva that got the attitude of an army. I really don't know what to say to you. Through good times and bad we've been able to laugh through it all. That is something I will cherish the most. I always got your back, because you always got mine. Keep striving and try not to toast to Johnny too much.

Ebony, There are so many things to say, but a friend will support you no matter what and that's all I can do.

Remember to always do you, but make careful decisions when doing so.

Girls, I love ya'll sooo much. To the locking one (Darky) in the closet and the Oprah sessions (Lynn) we've made it!! Just because I'm leaving doesn't mean our friendship is going to end. Never let anyone steal your joy and dreams. I'll still be around for our "good times".

To my #1 best college friend, who ever knew from freshmen year till now that our bond would be as strong as ever!! Through every obstacle we held each other hand and that would never stop. Coreea "China doll" thank you for giving your love and we have many more years to go. My #2 best friend Mapquest.com. What can I say, but I love you. We have indeed had our share of our arguments and disagreements. There was even a time when I thought I hated you. But, hey we're still standing strong. Many ponder our friendship and truth be told they would never understand. Serrita, remain faithful and determine. I know you will succeed in everything that you choose to do. Andrea, Shawty remember when I fell through the window and you were supposed to holding me up. That's okay though, peer pressure got you back (lol) for real though I love like sister. Queenie, your mouth I will not miss, even after picking you up of the ground. Byrdie, would you like my glasses? Or some Kleenex to wipe your eyes. I'll miss you guys and we must keep in touch with each other.

Others that I have met along the way be strong and keep your head up. CHUCKTOWN HOLD IT DOWN

D'Anna Frasier

Much Love,
Marquita N Edwards

During the course of my years at Johnson C. Smith University I have had the gracious opportunity to come into contact with many distinguished individuals. My experience here has been priceless and I would not have made it with out Jesus Christ my lord and savior. Many times I could have just quit but he did not let me and gave me the strength to keep pressing. Another motivating force in my life has to definitely be my family, especially my parents. Those two individuals will stop at nothing to make sure I have what I need to succeed. I am very appreciative to have both parents supporting me and being my number one fans. Also, close family friends and just my friends in general picked up where my parents left off and have helped me in surviving the trials and tribulations of college. I am indebted to everyone who has touched my life in a positive way and helped me reach my goals.

To my friend Andrea (aka, Urc) our friendship has lasted since the beginning of freshman year. Many individuals may have come and gone and they know who they are but we have stood the test of time. There are so many memories that I can recall but it would take too many words. There are so many inside jokes but outsiders would not understand. I like how we will see or hear something and think it is so hilarious but others just don't get it. I am glad to have met you and I wish you well in life girl. To my peer educator family, especially Adrienne and Ebony we have become really close over the past three years. Adrienne, you are like nobody I know. You have a very distinctive approach that few people get but that is one of the things that makes our friendship fun, particularly when we get on each others nerves! Eh you are so smart it's ridiculous but keep doing your thing. I know you will be successful in life. To all my other friends that I have been cool with since freshman year we made it and I truly will miss you all and the memories. And to all the "shaters" thank you for motivating me, without you I wouldn't have known that I was doing something right, your envy is was very much appreciated.

I am very delighted that I have had the experience of college because this has been a priceless four years. I have learned so much from all the different aspects that the campus ground of JCSU brings. Please excuse me if I have forgotten any special shout outs to anybody but I have it on the mind and not the heart. Last but not least there are professors that have pulled the best out of me and I have to say thank you, especially to Dr. Fox. She has no idea how much she has touched my life and because she would not accept anything but the best from me, I am a better person graduating from Johnson C. Smith University. To all the students coming behind the class of 2006 you have big shoes to fill but please in whatever you do represent yourselves and your family to the fullest!

Thank you,
Chaunce Jones

Intelligence

I, Akiba Griffin, being of sound mind and body, do hereby bequeath the following items and words of wisdom to my fellow SmitHites:

To the Class of 2007, I leave my strength and sense of structure. You all have come a long way and you're almost at the top of the mountain. Don't let minor setbacks prevent you from achieving major things in life. To the Communication Arts Department: continue to remain the most popular department with the most graduates. I leave all who follow me. My Hall-Of-Fame Plaque. I leave my Professors and Mentors (most notable Professor Howard and Dr. Burton) the same persistence you've instilled in me. Thank You for everything. To the Lovely Ladies of Alpha Kappa Alpha Sorority, Inc., I leave you the legacy of our founders and ability to maintain the positive image we have on this campus. Never forget our purposes and always remember the business and long chapter meetings. Skree-Wee my Sorors. To the PLASTICS...I love you guys so much. We have been through so much over these past few years and I wouldn't trade one minute of it. Lauren, many don't know this but we go way back to High School in Queens, New York. Your purpose in my life has been most effective in that having you as a friend made me a better woman both internally and externally. We've seen many friends come and go, ultimately drawing the conclusion that a real friend will always be there. I just wanted to thank you for always being there even when I didn't need you to. I'll never forget the trips home, summer of 2003, or the many mistakes we've both made(!!) Hold it down after I'm gone and remember, don't chase 'em...replace 'em!!! Tschaiya...in the short time we've known each other, we've developed a friendship that is untouchable. I'll always remember you and Keisha being with me on Henderson (u know, the whole Mike situation) and thanks for telling us a thousand times at Yolanda's house where AKA is! You are a true sister indeed and I love you. To the Monarch Family: you guys better hold down family night in Brittany's room. Jello Shots and Golden Bulls as per request! Luv Yew Guys! To Jalme: you are indeed a diamond in the rough. I am so glad to have shared what we've shared since I found out you were crushing on me.(lol) I have faith in everything you do and I pray that you'll find your path in life. If you haven't already, Someday you'll make a young woman a proud mother and wife. There are other things I have to thank you for but I'd much rather say them in person. I leave you the "High-Horse" (don't share with anyone; its too precious) Stay sweet and always know that you'll always have a place in my heart. Look for me when you graduate! To Muff: you are one crazy individual, you have issues and you need help! Just kidding. I knew you before you came to SmitH and you are truly one of a kind. Stay fly and focused. I leave you memories of the S.L.A.M crew. And now for my fellow 2006 graduates: Ekene Mayo-Mitchell, I leave you our bad trip turned good to A&T's homecoming. Latoya Ravalliere, I still have that CD we made freshman year when we danced to Sean Paul in the student union. Cousin Ricky, I'm forever thankful for the summertime BBQ's at your house. You and Keisha are really happy together and despite anything, you're still my family so I respect any decisions you make in life. Take care of my home, Keisha, you better take care of my Ricky! Jackynee, remember when we were on our way home for Christmas and Mike thought I lied to him about riding home with you? I'll never forget that or you. Lawrence Cauty, my home-lover-friend at one point, now just a good friend. We've been through more than the average person can handle. In the end, we've realized that it wasn't meant to be. You've found a new interest and so have I but through it all, we've managed to remain good friends. Thanks for being an eye opener. I leave you memories of SAL and the whole crew before everyone went their separate ways. Teddy and Chris, I leave you guy's memories of SAL as well. Stay focused and continue to rep Philly to the fullest. Mallori Moye, I'm so glad to have you as a friend. I leave you our trip to Tampa and Miami (Ybor City especially) Sha-Sha, I'll never forget the Amtrak rides home freshman year, the D!pset Interview or surprise birthday party with male strippers. I know you'll be successful in life, MyMy couldn't have raised a better Woman. If there's anyone I forgot, sign your name here_____ and please don't take it personal. Love Always, Akiba

I, Keisha T Townsend, leave all my wisdom and knowledge to my sister Tina, Nora, & Brittany. I also leave words of encouragement to all of you. Tears

I, Jervelle Cornellia Fort,

It has been a long, hard 4 years, 8 semesters and 122 credit hours to May 2006, but I finally made it and all who read this have the ability to do the same. To all of those remaining at JCSU, I leave my work ethic and my love for knowledge. These two things combined are a deadly combination in the real world.

To Dr. Mead, Dr. Eutler and Dr. Hendricks, I leave all of our "healthful" conversations. Thank you so much for all of your guidance and inspiration.

To Ms. Jones, Mrs. Cauthen and Dr. Pettis, I leave behind all of my clerical skills. I loved working in the health center because not only did it give me a place to get work done, but I learned a lot about the health field and life in general from you three. I will miss you! Jocelyn, you hold it down in there when I'm gone!

To my lovely sorors of Alpha Kappa Alpha Sorority, Inc., I leave you my ability to be tactful, tasteful, tolerant, prompt, organized, and sisterly no matter what the situation. To the remaining members of "Starting Over", I leave all of the love a sister could have for her siblings. I wish you ladies the best of luck in the future because you all deserve success. Keep running the Gamma Delta chapter of Alpha Kappa Alpha Sorority, Inc. the way our founders would have wanted it run because I will be back to check on ya'll! Skee-wee!!!

To my sister Sandra Tyeesha Curtis, I leave you my will to get up in the mornings and go to class! Your time is coming soon and I will always be there to support you in whatever you do in life. Our memories of those late night trips to Taco Bell and our study sessions at IHOP will never be forgotten. Oh, and who can forget those trips to "the house"!

To my sister Laura Shropshire, a.k.a. Challenge, I leave you patience because I know you will need it! Stay beautiful my #3.

To Ateira and Shanay, I leave you our long talks and buckets of tears we shared together about our men problems. You two ladies deserve nothing but the best so never settle for less!

To Shanta', I leave you all of my notebooks filled with health literature. Start taking notes in class instead of passing them!

To Kristie, I leave behind our many days and nights of talking mess (for lack of a better term), social drinking and procrastinating. Hold it down in the A!

To Martist, I leave you strength. Keep your head up and remember that I will continue to be there for you. I also leave behind our past because one should always look towards the future.

To all of my other friends and associates, I leave you my heart because without you my college experience would not have been as wonderful as it was. I will miss you all!

To Mrs. Cathy Jones I leave you plenty of hugs for all that you have done for me because without you I am not sure how I would have made it through. I leave professors of the Political Science department the courage that each one of you install in me and thanks for believing in me. I, Keela M. Dunlap, bequeath a lot of stuff to a lot of people. As I lay on my deathbed of my undergrad college career, I want to leave my school spirit to all the people whose spirit has been stolen by the Grinch of Smith. I leave my will to help others to the members and the board members of Habitat for Humanity. Most of all I want to leave advice to those who follow behind the CLASS OF 2006. Listen up:

*Choose your friends wisely
Stop fighting so much
Stop sleeping with everyone on campus
get involved on campus
voice you opinion when needed but don't get ignorant with it
STOP STEALING FROM THE CAFÉ!*

Now for the mushy stuff

As I depart from Smith as a student on May 7th, 2006 at 10am at Cricket Area, Charlotte, NC I leave some great memories that I have had the pleasures of creating with some really great friends, better know as the Fab4 Plus 1 -Charles Douglass, Nichole L. Johnson, Sherise Simpson, and LaQuanda Higgins. We came in as Classmates, but left as family. I love you all very much. I haven't forgotten about everyone else. Ya'll know ya'll my dawgs too. Walter aka Ca-Million appreciate you stepping out on the limb for me when I wanted to try something new in leadership (!?!). You're one of the most innovative people I know and I hope nothing but success for you in your music. Kory, "yea man" good talks in the café and great advice from a friend.

Kera my #1 girl, you've been there for me through best of times and the worst of times. I couldn't have asked for a better friend. Sekethia thank you for your friendship and your influence on me. To my JCSU daughters; Lokira, all my question marks about you have finally been answered. You have gone through a transition from someone being afraid to lead to being one of the most talented and influential leaders on the campus. To my devastating stepdaughter, even in a year I can see difference in you maturing from Patti Mayonase to Ms. Zena Conway and I'm so proud of you. Last but not least my son the "CEO" you were one of hardest working leaders this year. You were finally put in the top position and expected to step your game up, which you did. There was know one better who could take my place as Chairman than someone that was willing to work for students day in and day out.

First and foremost I would like to thank God for helping me with the good and bad times with my time at JCSU. I hereby let it be known that I, Richard W. Cole Jr. being of sound mind, do make and declare this to be my Last JCSU Testament. I would like to thank my lovely mother who has raised and lifted me up when no one else could. I

I Leah Wiley being of sound, mind and body do hereby bequeath the Fa'Sho Inc Modeling troupe to two of the most dedicated, hard working and nicest people you should ever meet Quinlan and Ebony. I know that the executive board and I can leave this to you because you have assisted us when we needed you. Thank you so much from the bottom of my heart for that. I also leave behind the Communication Department that has provided me with the necessities to succeed in the real world. Your words of encouragement have lead me to May 2006 and for that I'm truly thankful. Sincerely Franklin I leave you memories of all the fun times we as sisters share. When I was down or just needed a laugh you were there. Who would ever think the light skin girl next door to me in Greenfield would become practically my family. I love you so much and I know God has a plan for the both of us. I know we will continue to hold each other up when we are weak. My two brothers Christian "Pishop" and Gregory Ash "Opurah" there are no words to express how much I love you. We have shared more laughs than tears. I remember when I first meet you two on the block I could tell that you thought I was a loser from head to toe but look at me now. We have grown inside and out and now we are able to laugh together about our past and look into our futures together. I know that our friendship will never end and I'm happy that God made room for the both of you. Isaiah Joyner "Macy Gray" I have known you for years and even though this is your freshmen year you have already made your mark. I'm graduating soon but you know I'm only a hop skip and jump away. I, Deandra Phillips hereby leave my room in New Residence Hall to Stefanie Holloway. I leave all of my love and support to Daryl Jackson, Tygerian Faldott, Andrea Gillespie, Anika Fimentel, Desiree Linder, Ebony Dunham, and Kristin Crisby. And I leave my senior paper to Erica Burns.

First, giving all honor to God, for without Him none of this would have been made possible. My parents, for instilling in me the tools needed to succeed and staying by me when the roads were bumpy and the grass wasn't always so green on the other side.

I just want to say that the past four years here at this school has been a learning experience I will never forget. From my freshman year full of laughter, parties, and friends, to the next three years of realizing what I want to do with the rest of my life and who I really am. I want to thank all my friends, those that I have continued to remain friends with since freshman year (Chauncey a.k.a. Chance). We've had our good times (those wonderful Duke Hall and New Res moments) and our bad times (yeah you know) but the most important thing is we still remained friends and we will continue our friendship for years to come. Holly, you always say what's on your mind and don't care how it comes out and I like that about you (sometimes). Even though your mood changed like the weather, we still stuck with one another and remained friends. To my English major buddies and my Honors College buddies (you know who you are), I'll miss you guys and I know you all will succeed in the future. Even to those who were once upon a time my friends I want to thank you all too because you guys taught me more than you'll ever know, mostly about myself.

To my freshmen, sophomores, and junior babies I will miss you all. Hang in there. To my cousin Chad, make me proud and do what you have to do to get out of here on time. Essence, I'm going to miss trippin' out and actin' a fool with you. I know you'll make it in whatever it is you choose to do. To everyone in the English department (the best department on the campus), I couldn't have asked for a better department to be apart of. You all have inspired me to do great things, expanded my knowledge, and taught me so much. Also, to my professors in the Comm. Arts and Honors College department I want to thank you as well for all you have done for me. Finally, to the class of '06, I wish you all the best in your future endeavors. I'll miss some of you and most of you I will forget.

I didn't treat this experience like it was a big party or like a game, but I treated it as something that I would grow personally and professionally. Everyone has helped to contribute to my learning here at this school and I can't say thank you enough for that.

Thank you all so much,

Andrea S. Royal

and Memories

"Great beginnings are not as important as the way one finishes". This quote is the perfect way to describe my time here at Johnson C. Smith University. From the beginning until now I have grown internally and my experiences good or bad have taught me more about myself more than anything. I thank God for guiding me in the direction to fulfill my purpose and destiny for my life. I thank my family for being my rock and strength. To all my close friends whose relationship will go beyond college I truly believe God puts people in your life for a reason and thank you for being a genuine friend to me. To the Lovely Ladies of Alpha Kappa Alpha Sorority Incorporated. Gamma Delta chapter continue to uphold the legacy and sisterhood we all have shared and cherished. It is a blessing to be part of a strong sorority in which we can uplift each other despite the situation. To my professors who taught me and challenged me thank you for helping me develop into a better scholar. As I close this chapter in my life I leave knowing that attending Smith has brought me closer to my career objectives and other goals. Opening a new chapter in my life I anticipate what doors will open. Thank you Johnson C. Smith University for being part in molding and educating me.

-Sekethia Crawford "2006"

To my Bowling Teammates, Wanda, Nijah, Simone, Nichole, keep putting up those marks and enjoy all the good food. To my Devastating Soror of Delta Sigma Theta Sorority, Inc. I leave you with you all the memories, tears, and laughter that we shared together. Always strive for Scholarship and know that we belong to the best SISTERHOOD. To my Brothers of Alpha Phi Omega, now that we have a strong history of providing service to our nation, community, campus, and the brotherhood. To those of you that I leave at Smith, know that you can graduate in four years, summa cum laude, pledge what is in your heart, and develop strong leadership skills. The four years will pass faster than you think. To the person who I have shared intellectual conversations, watched movies, and always has a sassy comment to say, stay out of trouble and don't let people get to you. To those who entered Smith with me in the fall of 2002, I wish all of you the best of luck in your future endeavors. We have "Gotten In the Mix" and have made many friends and I will never forget the Café parties, the Ice Storm/Blackout, and the Homecomings. To anyone that I may have forgotten, know that it was truly an error and that in time you will understand that you are special to me.
